CIA IMAGERY ANALYSIS DIVISION

CIA/PIR-67095

PHUC YEN AIRFIELD
21 13 10N-105 48 40E

A study was made of the aircraft crates at Phuc Yen Airfield (21 13 10N-105 48 40E) in order to determine size, location, transportation equipment available [REDACTED]

25X1D

The 24 crates are located along the taxiway in the aircraft dispersal area 2.1 nm north of the runway. Measuring 40 x 10 ft., the crates compare in size to the crates observed at Phuc Yen Airfield on previous photography.

The photography covering the airfield was taken with a malfunctioning camera. Consequently, the quality is extremely poor precluding detailed interpretation. -Cloud cover and haze are dominant throughout the mission.

All measurements have been made by the CIA/IAD project analyst. They should not be construed as being mensuration data compiled by the NPIC Technical Intelligence Division.
